

About

Educational and Playful Learning Activities
and Curriculum for Kids Ages 2-7

About the Author

Darla is an educator and has been a childcare/home preschool directress for the past 33 years. She is a mom to 5, a bereaved mom to one extraordinary young woman, and a grandmother to 5. Darla writes primarily through [The Preschool Toolbox Blog](#) and other paid partnerships.

About THE PRESCHOOL TOOLBOX

The Preschool Toolbox Blog shares daily activities and thematic curriculum for children ages 2-7. We believe in hands-on playful learning as a part of appropriate growth and development for preschoolers. In April of 2017, we will launch a grief book, *Forever Namaste*, and include a section on child loss and grief within the blog. Parents are parents forever and grief is a part of daily life for many. Our readers and fans are well-educated and desire exceptional content. They've come to expect that we deliver on that promise. While we try to remain advertisement free for the benefit of our readers, we do partner with many companies to offer services and products our readers can benefit from.
